## Arkansas – The Natural State

Saint Francis' Intensive In-Home Services focus on keeping families together. We serve 50+ counties across the state of Arkansas to help families develop the solutions and skills they need to reduce risks in everyday situations. Families learn to build upon their existing strengths so they can better provide for the health and security of their children. A family in need of Intensive In-Home Services can reach out to [ARFCTReferrals@st-francis.org](mailto:ARFCTReferrals@st-francis.org).

Our Intensive In-Home Services enable clinicians to directly observe families where family members are most comfortable – at home, in a familiar environment. Interacting with family members within their natural setting makes it possible to directly intervene in unhealthy behaviors and to immediately reinforce positive, healthy life choices.
